After this judgement, a few cases have been instituted in various Courts of Law by the contract labour and their Unions at various units/establishments. These cases are pending before the Courts. Issues pertaining to engagement and absorption of contract labour arising out of Supreme Court judgement was taken up by the Standing Conference of Public Enterprises (SCOPE) on behalf of the PSUs. The same has been admitted and referred to a larger Bench of the Supreme Court. Thus, the entire matter of regulation of contract labour has become subjudice.
